

Photography & Video

Condover Cricket Club has adopted the ECB Photography and Video camera guidelines. The guiding principles we will apply are:

- Parents should not be prevented from taking pictures of, or filming, their children. These are normal family practices and help mark milestones in a child's life. The introduction of proportionate controls on the use of photographic equipment (cameras, and videos, including mobile phones) is part of general safeguarding good practice in a club.
- Photographs/images are not to be taken at matches or training without the prior permission of the parents/carers of the child. This permission can be given by proxy by the Coach of each team only after parental consent for this has been granted. The Coach must arrange this prior to attending matches
- If no consent has been given for a child on the player profile form, then it is to be made known to the relevant person of the other team (e.g. coach/team manager) so the appropriate person/s taking photographs for the other team is/are aware and can avoid taking photographs of that particular child
- The children should be informed a person will be taking photographs
- The children should be informed that if they have concerns they can report these to the Coach or Team Manager
- Concerns regarding inappropriate, or intrusive, photography should be reported to the Club Welfare Officer and recorded in the same manner as any other child protection concern

Use of images of children (for example on the web or in the media):

- Ask for parental permission to use their child's image and, wherever possible, and show the image to the parents and child in advance. This ensures that they are aware of the way the image will be used to represent cricket and the club
- If the cricketer is named, avoid using their photograph. If a photograph is used, avoid naming the child
- Only use images of children in appropriate kit (training or competition), to reduce the risk of inappropriate use, and to provide positive images of the children
- Encourage the reporting of inappropriate use of images of children. If you are concerned, report your concerns to the County or Club Welfare Officer

Using video as a coaching aid.

- Any material taken in connection with coaching, must be stored securely and deleted or destroyed when a parent requests this, or when the material is no longer needed.
- The parents/carers and children must provide written consent for the use of any photography and video analysis.
